## President's Message:

So far 2018 has been a busy year for the VVVC. The biggest event was the Moving Wall this summer. There is a tendency after such a big event to "let down" and sit back. Well, we are not done yet in remembering our fallen heroes or helping all veterans and active service personnel. As I write, we are preparing to perform the Missing Man Table ceremony at the Veteran's Home in Saticoy and the POW/MIA Day ceremony at the Government Center with the Missing Man Table ceremony. As with the Wall, these too are emotionally charged. We also have Veterans Day coming up next month with parades and other activities as well as Operation Snowflake in December where we help the families of deployed service personnel with toys and other sundries for Christmas.

Coming up in December we also have our elections for our Executive Officers and Board members.

So catch your breath because we still have so much to yet accomplish. Check your emails and the calendar here in the Listening Post for the events in October.

**David Wilson**

**Advance Directives.** Advance directives are legal forms that state your preferences about your future medical and mental health care. If you become too ill to make decisions about your care, an advance directive can help your doctors and family members understand what you want.

It is up to you to decide if you want an advance directive. Your decision will not affect your access to health care or other VHA services.

There are two types of advance directives. In the Department of Veterans Affairs (VA), the two types are in one form. You may complete neither, one, or both of the following:

**Durable Power of Attorney for Health Care.** In this type of advance directive, you name a person as your Health Care Agent who is to make health care decisions for you if you are not able to do so. Your Health Care Agent is the first person your health care team contacts for decisions about your care.

**Living Will.** In this type of advance directive, you state your preferences about treatments you want, or don't want, in different situations when you cannot make treatment decisions yourself. A living will helps your Health Care Agent or others know what treatments you would choose.

### **Your Rights:**

1. You have the **right to accept or refuse any medical treatment.**
2. You have the **right to complete a durable power of attorney for health care.**
3. You have the **right to complete a living will.**

### **Your Responsibilities:**

1. If you have an advance directive, it's important to give the Veterans Health Administration (VHA) a copy for your health record.
2. If you'd like more information about advance directives, or help filling out the forms, please call Social Worker at (805) 204-9135 to schedule an appointment.

### VA Expands Choice Program Eligibility

#### Background

On August 7, 2014, President Obama signed into law the Veterans Access, Choice, and Accountability Act of 2014 (Public Law 113-146) (Choice Act). Technical revisions to the Choice Act were made on September 26, 2014, when the President signed into law the Department of Veterans Affairs Expiring Authorities Act of 2014 (Public Law 113-175) and on December 16, 2014, when the President signed into law the Consolidated and Further Continuing Appropriations Act, 2015 (Public Law 113-235).

The Choice Act required VA to implement the Veterans Choice Program through an interim final rule, and on November 5, 2014, the Department of Veterans Affairs (VA) published an interim final rulemaking. In that rulemaking, VA adopted a straight-line method for determining eligibility for the Program based on the distance between a Veteran's place of residence and the closest VA medical facility.

On April 24, 2015, VA published a second interim final rule that changed the way VA measures distance for purposes of determining eligibility. VA now considers the distance a Veteran must drive to the nearest VA medical facility, rather than the straight-line or geodesic distance to such a facility. This results in an expansion of eligibility for the Choice Program.

VA is pleased to announce this expansion effective today.

Effective immediately, VA is also changing the mileage calculation for beneficiary travel. The change will ensure consistency in VA's mileage calculations. The beneficiary travel mileage calculation will now be made using the fastest route instead of the shortest route.

#### Summary

A Veteran who meets threshold eligibility criteria may be eligible for the Choice Program based on the distance from his or her place of residence to the closest VA medical facility. VA previously determined eligibility based on place of residence using a straight-line measure of distance. VA is now using a driving distance measure.

For example: Under the new distance calculation, a Veteran who lives 40 miles or less, measured using a straight-line distance, from the nearest VA medical facility, but who needs to physically drive more than 40 miles to get there would be eligible for the Veterans Choice Program. Under the previous straight-line distance calculation, this Veteran would not have been eligible for the Program unless he or she was required to

Ventura, CA 93006-3218

This letter is intended to be used to introduce us, the Vietnam Veterans of Ventura County, and to assist us in our effort to solicit subscription/donations to our organization in the form of advertising in our monthly newsletter.

First the legal issues of proper identification.

- IRS, 501(c)(19) Vietnam Veterans of Ventura County Inc. id#93-0966053

State of California Franchise Tax Board

- 501(c)(19) Vietnam Veterans of Ventura County, tax exemption, Revenue and taxation Section 23701f

Our organization represents all veterans (not just Vietnam Veterans) in the 805.

Our organizations primary function is to act as a 'service' group providing all manner of assistance to our veteran population. We are active in the education of our youth in our local schools by speaking at the schools to the students. We support and provide college scholarships every year. We have been the organization responsible for bringing the 'Traveling Wall' Vietnam Memorial to Ventura six times in the last 30 years and are planning on doing so again in 2018. We provide full military honor and color guards in parades and at funerals. We work closely with literally hundreds of other organizations and our elected officials both State and Federal in the county to see veterans' needs are met.

Our group runs around 130 strong, most living in Ventura, but some as far away as Australia and Canada. We are asking for donations to our cause, by selling advertising space in our newsletter.

We plan on starting with a full page with fees broke down in the following manner:

- |                 |           |          |
|-----------------|-----------|----------|
| • Business Card | \$10/mo.  | \$100/yr |
| • ¼ page        | \$15/mo   | \$150/yr |
| • ½ page        | \$25/mo   | \$200/yr |
| • Full page     | \$30 each |          |

Your consideration of donating to our causes, gaining some advertising in the deal, is fully deductible by virtue of our legally acquired non-profit status as a veterans service organization.

We look forward to establishing a relationship beneficial to us both.
